

Area Shelter Resource List - Surrendering

Please note all shelters have different criteria and processes for taking pets in. Regardless, we recommend calling or emailing any shelter before bringing a pet to them. Most operate on a by appointment only basis and will not be able to admit a cat via a drop in. Instead, they will likely speak to you about your cat's situation to make sure they believe your cat will be likely to succeed in finding a new home through their shelter and adoption program and then schedule an appointment to bring the cat in.

Seattle Humane
